On display was the charter for the Canal Point 4-H Club issued this year, this being the 41st year Canal Point has had a 4-H Club.

Mrs. Harrington introduced Mrs. Elmer Maxson, 4-H project leader, and together, Mrs. Harrington and Mrs. Maxson reviewed various projects and achievements of the club and individual members during the current year, some of which are as follows:

5. Ross Harrington placed second in the Broward-Palm Beach County land judging contest, and participated in the State land judging contest at Gainesville last week.

6. One of the outstanding meetings held by the Club this year was the last meeting, when members of the Okeechobee 4-H Club attended as guests.

Ross Harrington, vice-president of the Canal Point 4-H Club, gave a talk on "Money Management." Donald Hammond demonstrated the effect soil fertility has on germination and plant growth. Deborah Van Landingham gave an illustrated talk on "Safety."

At the end of the program the Lions voted a 4-H Camp Scholarship to be awarded to a member of the Canal Point 4-H Club, sending the winner to the 4-H Camp Clover Leaf near Lake Placid this summer with expense paid by the Lions Club. President J. W. Repper presided.

New Directory In The Mails In Few Days

The new telephone directory for Belle Glade-Pahokee and Surrounding areas will be delivered by mail during the next few days.

Delivery of the new directory should be completed by not later than April 12th, which is the effective date of the directory. Charles Leonard, local Southern Bell manager asks anyone who doesn't receive his directory by April 12th to call the business office, 996-9011, and let the service representative who handles his account know.

"We want to be sure all our customers get their new directories as soon as possible. Anyone who doesn't receive a directory by April 12th can help us to accomplish this by letting us know," Leonard said.

A quick check of this year's directory indicates continuing progress in the Glades. This year 9350 directories will be distributed, compared to 8900 distributed last year.

Leonard asks that customers please throw away their old directories on April 12th and use the new ones only. That way, there's no chance of getting wrong numbers from the old directories.

"Also," Leonard said, "please check the directory for numbers you want before calling information. This will save you time and inconvenience and help you get the best service. Remember; all new numbers listed during the past year will now be found in the new directory."

Farm Bureau Wants Budget Cuts Restored

The Everglades Farm Bureau has joined the fight for restoration of cuts in the budget requests for University of Florida agricultural programs.

Floyd Erickson, president of the Everglades Farm Bureau says his organization plans to "call, write, or personally visit each member of the state legislature."

"We plan to let all of them know the facts of this case," Erickson said. "We want to show them conclusively that the state's agricultural programs will be in serious danger unless these cuts are restored."

Erickson pointed out that Florida Farm Bureau Federation, the states largest agricultural organization, and the Florida Agricultural Council were leading the fight for the restoration of the programs cut.

"Agriculture is too important to this county and to the state for our organization to let this situation stand without speaking up," Erickson said.

"We have the facts and armed with them we are confident our legislative representatives will see to it that agriculture gets its fair share," he said.

Ralph Kettler, show manager, said it will be the largest all-breed show ever held here judging from advance registrations. It is also expected to be a major competition for exhibitors seeking show points for their national ratings.

The competition on both days will get underway at 9:00 a.m.

The Show will be held at the Sheriff's Posse Grounds, one mile north of State Road 80 on State Road 7. BUY U. S. SAVINGS BONDS

1941—AFTER 25 YEARS—1965 STILL THE STANDARD OF SECURITY

Now— U. S. Savings Bonds Pay More Interest

4.15% when held to maturity

Higher interest on the Bonds you already own, too!

U.S. Savings Bonds are a better way to save than ever

Because now all Series E and Series H Bonds bought after December 1, 1965, will earn the new, higher interest rate of 4.15% when held to maturity. That's only 7 years for Series E—9 months quicker than before. All H Bond interest checks will be larger beginning in June 1966.

And your outstanding Bonds will earn more, too, from now on. So, you don't have to cash in your present Bonds to get the attractive new rate.

Ask about buying Bonds where you work or bank. For America's future. And yours.

"Today, none of us can remain aloof on the sidelines."

"Today, above all, is a time for all Americans to rededicate themselves to the spirit that animated the Minutemen of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front line of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with

Now — U. S. Savings Bonds Pay More Interest

4.15% when held to maturity

***Higher interest on the
Bonds you already own, too!***

U.S. Savings Bonds are a better way to save than ever

Because now all Series E and Series H Bonds bought after December 1, 1965, will earn the new, higher interest rate of 4.15% when held to maturity. That's only 7 years for Series E—9 months quicker than before. All H Bond interest checks will be larger beginning in June 1966.

And your outstanding Bonds will earn more, too, from now on. So, you don't have to cash in your present Bonds to get the attractive new rate.

Ask about buying Bonds where you work or bank. For America's future. And yours.

"Today, none of us can remain aloof on the sidelines."

"Today, above all, is a time for all Americans to rededicate themselves to the spirit that animated the Minuteman of Concord—who serve as a symbol of the Savings Bond program. For today, as at the founding of our nation, it is freedom which is again at stake. Not all of us are called upon to fight in the jungles of Vietnam, but while our men are there, in the front lines of a distant land, none of us can remain aloof on the sidelines. We must all do our share—in every way we can—to support our men in Vietnam. One sure way is open to all Americans through the Savings Bond program."
